Year end	<b>31 July</b>
B SEDOL code	<b>BG6LVX8</b>
B ISIN code	<b>GB00BG6LVX82</b>
I SEDOL code	<b>BG6LVY9</b>
I ISIN code	<b>GB00BG6LVY99</b>

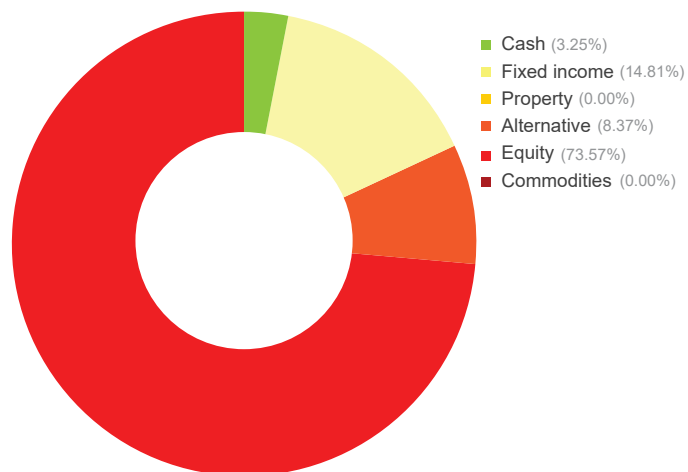

### Fund manager's commentary

Global bonds returned 4.83% in sterling while UK government bonds and sterling corporate bonds rose 2.87% and 0.63% respectively as US inflation and survey data weakened. Federal Reserve monetary policy remained "patient". Among the EF Brompton Global Growth Fund's bond investments, the sterling-hedged Stratton Street NFA Global Bond holding and Artemis Strategic Bond benefited from their long-duration bias, rising 0.99% and 0.30% respectively. Schroder Strategic Credit and Royal London Short Duration Global High Yield fell 0.91% and 0.23% respectively because of their bias towards shorter-duration and corporate bonds. The yen and dollar rose 6.10% and 3.43% respectively against sterling while gold rose 5.20% as investors sought safe-haven assets. The portfolio benefited from yen strength, with the Goldman Sachs Yen Liquidity holding doing best, up 6.08%. In addition, the unhedged holdings in Lindsell Train Japanese Equity and T Rowe Price Japanese Equity outperformed a weak Tokyo market, which fell 1.80% in sterling, rising 1.92% and 0.65% respectively. All but one of the alternative holdings rose. Blackrock European Absolute and Trojan, a multi-asset investment, did best, rising 2.03% and 0.94% respectively, but Man GLG UK Absolute fell 0.77%. Trade disputes became more acrimonious. Global equities fell 2.62% in sterling and equities in Asia excluding Japan and emerging markets underperformed, falling 5.37% and 4.04% respectively. Hermes Asia ex-Japan Equity did worse, falling 6.61%, but the JP Morgan Russian Securities investment trust bucked the negative trend, rising 5.23%. The EF Brompton Global Growth Fund fell 1.36%† in May while the sector fell 1.59%. Financial data source: Thomson Reuters 31 May 2019. † B Acc shares

### Geographic allocation

\* excluding cash

Please see overleaf for performance and other important information

## Investment policy

The Fund will invest mainly in collective investment schemes, exchange traded funds and unregulated collective investment schemes (which include limited partnerships) and may also include transferable securities (including investment trusts and similar instruments), money-market instruments, fixed income instruments, deposits and foreign exchange contracts.

It is expected that equity funds will typically make up the most significant part of the Fund's assets, with the aim of achieving the Fund's objective. However, investments will not be confined to any particular sector.

The Fund may also hold, on a temporary basis, all or part of its assets in cash or other ancillary liquid assets. The Fund may utilise derivatives for the purposes of efficient portfolio management.
