I SEDOL code	BG6LVP0
I ISIN code	GB00BG6LVP09

Fund manager's commentary

UK equities and sterling rose in early May following the Tory election victory, with the formation of a majority government ending political uncertainty, but UK returns were subsequently eroded when investors refocused on Federal Reserve monetary policy. The Fed chairman, Janet Yellen, reaffirmed the likelihood of an interest rate rise in 2015 subject to employment and inflation data. The dollar gained 0.71% against sterling while US equities gained 2.0% in sterling. The FP Brompton Global Conservative Fund has not held US equity funds because valuations appeared expensive and this held back returns. Gains elsewhere, however, aided performance. Fundsmith Equity returned 2.74%, outperforming the 0.65% gain in sterling from global equities. Europe ex-UK equities fell 0.12% but the sterling-hedged Schroder European fund and the WisdomTree Europe Small Cap Dividend exchange-traded fund (ETF) returned 3.37% and 1.32% respectively. UK equities generally gained 0.60% but smaller companies rose by 4.69%. The portfolio's UK equity investments outperformed because of their small and medium-sized company bias in preference to large companies exposed to commodity price swings, with Chelverton UK Equity Income and GLG UK Undervalued Assets rising 5.82% and 4.78% respectively. The stronger dollar proved a headwind for emerging markets. Asia Pacific ex-Japan and emerging market equities fell 1.96% and 3.31% respectively although Hermes Asia ex Japan, down 1.06%, proved relatively resilient. In the fixed income markets, the iShares Global Inflation Linked Bond ETF fell 1.04%. The FP Brompton Global Conservative Fund gained 0.44%† in May while the sector rose 0.28%.

BROMPTON
ASSET MANAGEMENT

Investment policy

The Fund will invest mainly in collective investment schemes, exchange traded funds and unregulated collective investment schemes (which include limited partnerships) and may also include transferable securities (including investment trusts and similar instruments), money-market instruments, fixed income instruments, deposits and foreign exchange contracts.

It is expected that cash, cash equivalents and fixed income investments will make up a significant part of the Fund's assets, in order to maintain its conservative risk profile. However, investments will not be confined to any particular sector.

The Fund may also hold, on a temporary basis, all or part of its assets in cash or other ancillary liquid assets. The Fund may utilise derivatives for the purposes of efficient portfolio management.
