B SEDOL code	BG6LVX8
B ISIN code	GB00BG6LVX82
I SEDOL code	BG6LVY9
I ISIN code	GB00BG6LVY99

Fund manager's commentary

Global equities fell 3.82% in sterling on fears of a trade war. President Trump proposed tariffs on steel, aluminium, technology, transport and medical products. China retaliated, putting tariffs on agricultural products and aircraft. The EF Brompton Global Growth Fund benefited from its relatively-low holdings in US equities, which underperformed, falling 4.27% in sterling. The SPDR US Financials exchange-traded fund was, however, the portfolio's worst performer, falling 6.05%, while RobecoSAM Smart Materials, which has significant US holdings, fell 4.96%. Equities in Asia excluding Japan and emerging markets fell 3.25% and 3.58% respectively in sterling and all three of the portfolio's Asia-ex Japan and emerging markets holdings underperformed, with Hermes Asia ex Japan Equity, down 4.89%, doing worst. UK equities were relatively resilient, however, falling 2.11%, and Aberforth UK Small Companies outperformed, rising 0.42% against the trend. Two of the portfolio's three holdings in daily-traded long/short equity funds, Man GLG UK Absolute Value and F&C Real Estate Equity Long Short, posted gains, rising 1.63% and 0.42% respectively, but Smith & Williamson Enterprise fell 0.60%. The dollar fell 1.78% against sterling and currency movements contributed to a fall of 0.73% for global bonds. The portfolio's three investments in global bond funds all posted gains, however, with the sterling-hedged Templeton Emerging Markets Bond holding returning 1.19%. UK government bonds and sterling corporate bonds rose 2.03% and 0.38% respectively but M&G UK Inflation Linked Corporate Bond underperformed, falling 0.44%. The EF Brompton Global Growth Fund fell 3.31%† in March while the sector fell 2.67%. Financial data source: Thomson Reuters 31 March 2018. † B Acc shares

Investment policy

The Fund will invest mainly in collective investment schemes, exchange traded funds and unregulated collective investment schemes (which include limited partnerships) and may also include transferable securities (including investment trusts and similar instruments), money-market instruments, fixed income instruments, deposits and foreign exchange contracts.

It is expected that equity funds will typically make up the most significant part of the Fund's assets, with the aim of achieving the Fund's objective. However, investments will not be confined to any particular sector.

The Fund may also hold, on a temporary basis, all or part of its assets in cash or other ancillary liquid assets. The Fund may utilise derivatives for the purposes of efficient portfolio management.
